

1/4: Smoke Signals opens the SmokingFetishTube.com

Smoke Signals is proud to announce the opening of a brand new, exclusive video site: the [Smoking Fetish Tube](http://SmokingFetishTube.com)

.

The tube combines five key ingredients:

- fresh content filmed by smoking girls themselves exclusively for this site;
- exclusive smoking interview content with beautiful, accomplished models;
- lots of updates every week and month;
- tube-style viewing;
- and a choice of free and VIP member viewing areas

The list of smoking models who have agreed to shoot for the Smoking Fetish Tube, and whose material is already on board – is headlined by the legendary Annie Vox, who already has filmed eight exclusive scenes for us, with more on the way. And you'll be seeing many more "self-shot" smoking models in the coming weeks.

The way the tube works is simple. There's a "free" area, with previews of all of our videos – plus lots of other short, free smoking clips. From there, you can upgrade to the "VIP" members' area – that's where you can watch all of our full-length videos in high quality, as much as you'd like.

There are also blogs, interest groups, profiles – all of which will let you interact with our models, as time goes along.

We invite you to [take a look at the Tube and poke around](#) – and hopefully, stay a while. And if you're a smoking model, please contact us (the info is on the site) to see how you can join us!
