

1/18: New this week at [Smoke Signals Online](#) ...

This week at Smoke Signals Online, the Smoking Fetish Megasite, we've got nearly 600 new photos and 26 minutes of new video. In the photo galleries, blonde Burnetta (in black lingerie) shows us her deep inhales and thick mouth and nose exhales – particularly her nose exhales; and Sissy, on loan from our friends at IRLX, enjoys an all-white with nice inhales and cone exhales as she drops her top and plays with her nipples.

In the video galleries, we have the video you've been asking for with Georgia, as her cheek-hollowing drags are so deep, and holds the smoke for so long, that you'll almost feel your lungs filling up just watching her.

In glamour, casual and lingerie shoots Georgia shows double drags, snap inhales (including "sweeper" snaps in one shoot), thick mouth exhales and nose exhales, dangles and french inhales.
