

New Smoking Fetish Movies added at [Smoking Flicks](#)

We've added two new and very different videos this week at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. The first is a new video from Pink Angel, showing off her terrific smoking with some spectacular scenes, all featuring corks; there is also a great duo with her friend Lexi, including a smoking interview

We also have a video unlike most you've probably seen. Six naked amateur hotties were brought together with lots of sex toys and cigarettes – and this is an hour-long video of what happened.

Come check them out at [Smoking Flicks](#)
