

12/8: New this week at [Smoke Signals Online](#) ...

This week at Smoke Signals Online, the net's premier smoking fetish site, we've added 442 new photos and 21 minutes of smoking fetish video.

In the photo galleries, newcomer Pascaline starts in red elbow gloves and hot dress and then moves on to Casual shoots; her cone exhales are beautiful and there are lots of nose residuals, with some right-at-you exhales. And in the high-res galleries, Katia shows lots of great glamour vamping, and some good smoking.

In the video galleries, due to all of your requests, we have more footage with Georgia. The smoking is just incredible: huge drags, frenches, snaps, mouth and mouth/nose exhales, recycled french inhales and residual exhales, terrific closeups – Georgia at her best. We also have Tiffany B. on the couch, looking at some magazine photos as she puts on a smoking clinic with deep inhales, strong snaps, thick mouth exhales and lots of great smoke rings.
