

12/22: New this week at [Smoke Signals Online](#) ...

This week at Smoke Signals Online, the net's premier smoking fetish site, we've added 519 new photos and 17 minutes of smoking fetish video.

We've heard everyone loud and clear – you want more Shirin. We'll do our best; for now, here's what we have for you in the photo galleries: a driving shoot (not all the exhales are perfectly visible, but the smoking is great), and then a short scene and most of a full scene with Shirin smoking with all of her accomplished glory. Then, Natalie P. is back, with big blonde hair and a glam look – and some beautiful smoking: thick natural snap/french inhales, then thick mouth, nose or mouth/nose exhales, and a great attitude.

In the video galleries, Juanita's smokin' hot sex session continues, in reverse cowgirl and doggy-style positions as she smokes with strong inhales and cone exhales.
